**TARIFF FORMAT**

- A. **Sheet Numbering** - Sheet numbers appear in the top center of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the top center of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are four levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.1.
- D. **Check Sheets** - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

**APPLICATION OF TARIFF**

This Tariff contains the rates applicable to the provision of intrastate local exchange and intrastate long distance interexchange telecommunications services by Company between various locations within the State of Louisiana.

Company's intrastate long distance interexchange services are interstate offerings with Customers having the option of using the services for intrastate calls. Intrastate long distance interexchange telecommunications services are offered in conjunction with, and as an adjunct to, the Company's interstate interexchange service offerings, and may not be obtained without subscribing to Company's interstate interexchange services.

2.10.2. Deposit and Guarantee Requirements

The utility may require a deposit or guarantee of payment from any Customer or applicant who has not established good credit with that utility. Deposit or guarantee of payment requirements as prescribed by the utility must be based upon standards which bear a reasonable relationship to the assurance of payment. The utility may determine whether a Customer has established good credit with that utility, except as herein restricted:

1) A Customer, who within the last 12 months has not had service disconnected for nonpayment of a bill and has not been liable for disconnection of service for nonpayment of a bill, and the bill is not in dispute, shall be deemed to have established good credit.

2) A deposit or a guarantee of payment shall not be based upon income, home ownership, residential location, employment tenure, nature of occupation, race, color, creed, sex, marital status, age, national origin, or any other criteria which does not bear a reasonable relationship to the assurance of payment or which is not authorized by Louisiana statutes or rules.

3) Credit reports shall not be used other than those reflecting the purchase of utility services to determine the adequacy of a Customer's credit history without the permission in writing of the Customer. Any credit history so used shall be mailed to the Customer in order to provide the Customer an opportunity to review the data. Refusal of a Customer to permit use of a credit rating or credit service other than that of a utility shall not affect the determination by the utility as to that Customer's credit history.

4) Qualifying applicants for Lifeline Service may initiate service without paying a deposit if they voluntarily elect to have Toll Blocking on their line. Toll Blocking will be provided at no charge to Lifeline Customers. When required, a Customer may assure payment by submitting a deposit. **SECTION 2 - RULES AND REGULATIONS, Continued****2.10. DEPOSITS, Continued****2.10.2. Deposit and Guarantee Requirements, Continued**

5) All deposits shall be in addition to payment of an outstanding bill or a part of such bill as has been resolved to the satisfaction of the utility, except where such bill has been discharged in bankruptcy. A utility shall not require a deposit or a guarantee of payment without explaining in writing why that deposit or guarantee is being required and under what conditions, if any, the deposit will be diminished upon return. The deposit shall be refunded to the Customer after 12 consecutive months of prompt payment of all bills to that utility. The utility may, at its option, refund the deposit by direct payment or as a credit on the bill. With notice any deposit of a Customer shall be applied by the utility to a bill when the bill has been determined by the utility to be delinquent. Each utility shall issue a written receipt of deposit to each Customer from whom a deposit is received and shall provide a means whereby a depositor may establish a claim if the receipt is unavailable.

6) Interest shall be paid on deposits in excess of \$20 at the rate of six percent per year. Interest on deposits shall be payable from the date of deposit to the date of refund or disconnection. The utility may, at its option, pay the interest at intervals it chooses but at least annually, by direct payment, or as a credit on bills. Upon termination of service, the deposit with accrued interest shall be credited to the final bill and the balance shall be returned within 45 days to the Customer.

**2.10.3 Guarantee of Payment**

Company may accept, in lieu of deposit, a contract signed by a guarantor satisfactory to the utility whereby payment of a specified sum, not exceeding the deposit requirement, is guaranteed. The term of such contract shall be for no longer than 12 months, but shall automatically terminate after the Customer has closed and paid the account with the utility, or at the guarantor's request upon 60 days written notice to the utility. Upon termination of a guarantee contract or whenever the utility deems same insufficient as to amount or surety, a cash deposit or a new or additional guarantee may be required for good cause upon reasonable written notice to the Customer. The service of any Customer who fails to comply with these requirements may be disconnected upon notice as prescribed in Louisiana Rules. The utility shall mail the guarantor copies of all disconnect notices sent to the Customer whose account he has guaranteed unless the guarantor waives such notice in writing.

**SECTION 2 - RULES AND REGULATIONS, Continued****2.11. MINIMUM SERVICE PERIOD**

2.11.1. The minimum service period is one month (30 days). The Customer must pay the regular Tariffed rate for the service the Customer subscribes to for the minimum period of service.
